So we better we all get our community, the food banks and all sort of resources. A wonderful presentation was shared by @IWEIndia's @IWE and some tips on wellbeing, food and community participation for our Indian friends. This morning I attended the [India Club's](#) new monthly "Snack and Chat" session, created to provide an open space for the community to connect virtually during lockdown. What a great turnout!

It was a great opportunity for me to talk about my role as Chair of the Parliamentary Friends of India.

Thank you so much for the invite and I look forward to talking to you all soon!

See, Paul Mennace, Haha Dhanaraj and 28 others
